Attendance at our meetings is holding strong. We still meet the fourth Thursday of every month at 5:30 for social and meal. 6:30 the meeting begins. Several new people have come in the past year.

Our fall seminar was a success. We had our usual continental breakfast and a small fund raising project. We all consider this a good day! Speakers this year were excellent. Thanks goes to Bonnies for all her hard work.

Our Christmas party is scheduled for the first Saturday in December, with a gift exchange that would drive Santa back to the North Pole.

We are looking forward to another great year.
