**Do you come into work with a positive attitude? What can you do to leave outside life stressors at the back door when you come into the office? We all have stress in and outside the office but how we deal with it either helps or destroys us. Find out ways to help improve our attitudes.**

**Can you hear me? How many patients sound like they are confused? Is it because they cannot hear? Is it wax or a decreased in their hearing? Decreased hearing can leave people confused and depressed. Dr. Majors will help us understand decreased hearing and how we can help our patients, especially those in denial and don't want hearing aids.**
