Fsmaonline.org**

**Please keep checking the FSMA web site
for chapter events. Fsmaonline.org go
to chapter sections and click on South
West.**

Have you ever been tested for Vitamin D Deficiency? There are many people in the country that are close to Ricketts due to this deficiency. You can be malnourished, have chronic fatigue and multiple joint pain. Learn that sun exposure no longer takes care of this deficiency. Diets over the years have changed and we are all at risk for this and the long-term effects of not enough vitamin D. Learn about treatment options.

Are you a smoker? A non-smoker? Do you have a chronic cough with or without shortness of breath? Learn the difference between the two and the treatment for each disease. Is a chest x-ray enough to tell the difference? Do you need a Pulmonary Function Test? Do you need to carry a rescue inhaler and use a maintenance inhaler?

What do you and your patients expect to happen to them as they age? Do we all age at the same time? Why is it that some people in their 90's are healthier than those in their 70's? Does genetics play a part of this? Does decreased activity and decreased socialization make you age faster than others? Does the death of loved one's play a role in the aging process?

Do you love music? Music Therapy helps patients in more ways than we can begin to understand. It can help with depression, anxiety and sleep at any age. Learn what type of music works best for some people. Do sound machines in the patient rooms help with anxiety before the provider comes in?

REGISTRATION FORM

South West Chapter of Medical Assistants

October 5, 2019

Venice Bay Front Hospital
540 The Rialto
Venice, FL 34285

PLEASE JOIN US FOR AN EXCITING SEMINAR

The objectives of this seminar are to provide key points of education allowing the Medical Assistant, Health Professionals and other office/clinical personnel to become more knowledgeable in order to provide better patient care.

This seminar is open to anyone interested in updating their education or in the topics to be discussed.

Four hours of Continuing Education units are pending approval by the American Association of Medical Assistants (AAMA). Certificates of attendance are given to those who request them.
