CHAPTER BOARD MEETING TO FOLLOW ALL WELCOME TO ATTEND

Are there medical assistants that work the front desk in your office that double as clinical medical assistant?

What can the Administrative Medical Assistant do? Can they put in orders from the doctor? Come learn the difference and see if your office is in compliance with Medicare/Medicaid.

It is surprising what the front staff can do to help make the day run smooth for all involved in patient care.

Do you get your yearly eye exam? If no, why not? Come expand your knowledge on Basic Ocular Anatomy and Physiology. At the end of this lecture Dr. Pham is sure you will be able to understand what common eye problems there are.

If you have Diabetes it is important to have yearly eye exams. What does diabetes do to the eyes? Come hear from Dr. Pham the importance of why you need the yearly exam. It could save your eye sight.

Is your office ready after 911 is called? Are you prepared to give report? Does your office have protocols in place for a 911 emergency after they have been dispatched to your office?

What can you do to "Stop the Bleed" before help arrives? Do you have a proper crash cart and is it up to date? Do you have standard forms to hand off to EMS once they arrive on the scene?

Come learn from our First Responders that will help us and the patient in a real emergency.
